

FIRESTONE PHOENIX

A multifamily affordable and supportive housing development for formerly homeless households
Developed by A Community of Friends

PROJECT DESCRIPTION

Firestone Phoenix is a 44-unit supportive housing development, which includes 36 supportive housing apartments for formerly homeless households. Twenty (20) of the supportive housing units will be for veterans who are homeless, chronically homeless, or homeless with a disability. Sixteen (16) of the supportive housing units will be reserved for formerly homeless households. Seven (7) apartments are for low-income families and one (1) is a manager’s unit.
